PROFESSIONAL EXPERIENCE

Web Developer – Fiverr
Jan 2018 – Dec 2025 | Freelancer, Remote (Level 2 Seller)

- Created modern, responsive frontends using React.js, Tailwind CSS, Shadcn UI, and TypeScript, integrating headless CMS for flexible content management.
- Built and managed multiple businesses and e-commerce platforms using wordpress WooCommerce, and Shopify (CMS-based). Transitioned workflows to modern technologies, such as Node.js, Next.js, and MongoDB, to streamline operations and deliver robust solutions.

PROJECTS

BabyShop eCommerce Platform
GitHub: [babyShop-eCommerce](#)

- Developed a full-featured eCommerce platform using MERN Stack and Next.js 15, featuring a responsive storefront and a React-based admin dashboard.
- Implemented JWT authentication, role-based access control, product filtering, and persistent shopping cart using Zustand and Shadcn/UI for a modern user experience.

Best Talents
Project: [besttalents.pl](#)

- Built a multilingual recruitment and HR platform with a clean, mobile-first UI, optimized for both mobile and desktop usability.
- Implemented custom job listing and lead generation workflows to improve interaction between employers and job seekers.
